

SeriousWindows™ 1125

SAVES MORE ENERGY THAN ANY OTHER WINDOW. PERIOD.

SeriousWindows 1125 Series

The ultimate in energy-efficient windows, the SeriousWindows 1125 series exceeds Energy Star requirements by 300% and is over three times more efficient than competing brands. These windows are a beautifully engineered combination of frame and glass and are the platinum-standard in windows, delivering the highest comfort and energy cost savings.

SeriousWindows:

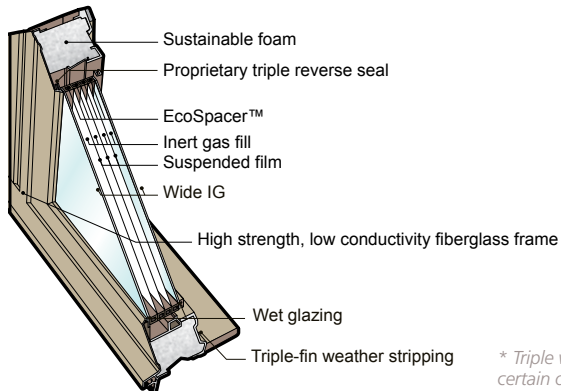

- R-11.1 insulation, 4x Energy Star® rating
- 99.5% UV Protection (reduced fading)
- Reduced condensation
- Increased comfort with less draft in winter and reduced solar heat in summer
- Lower energy bills
- Over 27 years experience in both residential and commercial windows
- Can contribute to LEED credits
- Decrease the size of your HVAC system

Industry Leading Performance Fiberglass Windows

The Serious Windows 1125 Series is Serious Materials' most energy efficient window product. The fiberglass frame offers greater durability than wood and resists fading, chipping, cracking, expansion and contraction. The fully insulated fiberglass frame, in combination with the SeriousGlass package, provides R-values that are 4X Energy Star® standards. The Serious Windows 1125 Series is available in a variety of pre-finished colors as well as natural, stainable wood interiors.

Insulated Glass Unit

A unique combination of 9 key technologies including a fully insulated frame, suspended film, and our proprietary EcoSpacer™ system

* Triple weather stripping available on certain operating models

Glass Package / Options

Frame Material / Style

Jamb Extensions

4 9/16, 6 9/16, Pine and Oak

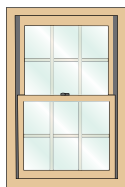

Frame Style

Nail fin, block frame, brick mould

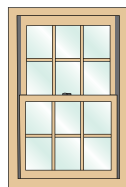

Window Type	Fixed picture	Casement	Awning
Minimum Size	12.0" x 12.0"	14.0" x 14.0"	16.0" x 16.0"
Maximum Size	96.0" x 72.0"	36.0" x 72.0"	60.0" x 42.0"

Grille Styles

Exterior

Grilles permanently affixed to the outside add to curb appeal while the inside stays smooth and easy to maintain.

Interior

Grilles permanently affixed to the inside create an elegant look for highly visible windows. The outside presents a more subdued grille look.

Simulated Divided Light

The ultimate in authentic looks — permanently applied interior and exterior grilles.
